**Product Part or Model Number:** (Please list the relevant part numbers here)

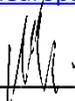

<b>Product Name</b>
<b>Valve-Regulated Lead Acid Battery</b>

This letter is to confirm that Power Sonic hereby certifies the product(s) referenced above have been tested in complete conformance to the requirements of REACH's 233 SVHC (Substances of Very High Concern in accordance with Article 57 of the REACH Regulation). The regulation by law (REACH, article 59 110) requires businesses inform customers about these chemicals within their products by weight greater than 0.1% ppm (weight by weight w/w). (EC 1907/2006).

With regard to Power Sonic lead-acid batteries, we would like to make you aware that the batteries as supplied by us, contain the substance lead (CAS 7439-92-1, EC 231-100-4) at a concentration of more than 0.1 percent by mass. Lead has been classified as a SVHC substance (Substances of Very High Concern), in accordance with REACH regulations since 10th June 2018.

The latest **233** substances subject to analysis per the REACH Regulation were **last updated on June 17, 2023**. Please refer to the following for the most current candidate list of substances: <http://echa.europa.eu/candidate-list-table>.

Additional information on the European Union's REACH regulation can be found here: <https://echa.europa.eu/regulations/reach/understanding-reach>
