IEC 62133 Certificate

To whom it may concern:

We hereby certify that the cells in our battery models PSL-BTC-1290 and PSL-BTC-12120 are 62133 certified. IEC 62133 is for the safety requirements for portable sealed secondary lithium cells, and for batteries made from them, for use in portable applications.

These batteries are safe to operate in industrial applications, including stationary applications. This includes, but is not limited to, telecom, uninterruptible power supplies, railway, and golf carts.
